Honourable Patronage
Mr Tadeusz Bąk
Mayor of Wojnicz

Wojnicz is one of the oldest cities in the south-eastern Poland. Before it received civic rights (probably in 1239), it had been a castellan's settlement until the 12th century. The city urban arrangement has been preserved in an unchanged shape to the present times and is listed in the registry of the Małopolskie Voivodship's historic monuments. The most valuable parts of the city: the centre of Wojnicz (Market Square), St. Leonard wooden church from the break of the 15th and the 16th centuries, St. Laurel church from the middle of the 15th century, a wooden belfry from the 16th century, Palace of Dąmbowski Family from 1876 with a renaissance style park, ruins of the medieval Trzewlin castle from the 14th century, scarps and moat remains. On the 1st of January, Wojnicz regained its civic rights, lost 72 years ago.

The Wojnicz Commune is provided with ideal conditions for relaxation In a healthy and picturesque area among forests of Biadoliny Rastowskie, as well as the southern part, which is hilly and is overlooking the picturesque landscape. The more to the south of the commune, the more attractive the area is for tourists and relaxation. There is the River Dunajec flowing through, a paradise for anglers, as well as water and sunbathing enthusiasts. Enthusiasts of angling in quiet water should visit Dębina Łętowska or Olszyny, where former gravel pits are situated along the River Dunajec and are stocked with the most common fish by the Polish Angling Association. Safe banks that allow angling at night are an advantage of the areas. Panieńska Góra is a nature reserve in Wielka Wieś created to preserve natural stands of rare species of orchids in Poland: orchid pallens and lady orchid. The area of the reserve is provided with 271 species of plants, including 21 protected species. In addition to that, interesting species of fungi, insects, reptiles and birds have been observed here. The name of the hill probably derives from events associated with the fight of the unfaithful wives with their husbands returning from the trip to Kiev in the 11th century, according to the most famous legend of Wojnicz. That is the place where medieval knight's castle Trzewlin is situated. Blue path 7,5 km long runs from Wojnicz through Więckowice to Panieńska Góra.

Wojnicz is also great place to invest. This is the place where the Green Industrial Park is situated. Is a unique space for investors and contributes to entrepreneurship development in environmentally friendly conditions. The park covers over 150 hectares of properly prepared plots, out of which 0 hectares is already used by operating businesses. The friendly approach of authorities develop positive relations with company managements, what in turn contributes to improved living and working conditions of the inhabitants and increase in corporate capital. We are inviting you to Wojnicz, the greatest place to visit, live and invest.

Morgan O'Neill - FIPF, ARPS, EFIAP/s (Ireland)

My name is Morgan O'Neill and I am a member of the Cork Camera Group in the south of Ireland. I began my photography journey 14 years ago. I got very passionate about my photography which led me to achieving my Fellowship from the Irish photographic Federation, my Association from the Royal Photographic Society and I have also gained my EFIAP/silver Distinction. I have been participating in salons since 2006. I feel salons are a great way to test your photography standards and a great source of inspiration. I have been an active judge for many years and has sat as a member with the Irish photographic Federation Distinction panel. I enjoy all aspects of photography with Portraiture being my main subject. I love creating images of what I see and what I feel, it gives me a powerful means of expression. My inspiration comes from the love of the renaissance paintings and I have a strong interest in Rembrandt's art. Lastly can I compliment the salon organisers on a very well run salon.
